

**SeaCon project  
Scientific Panel and Project  
Coordinators meeting  
19th October 2016**

Federica Lollini  
Assistant professor  
Politecnico di Milano

# Dissemination & exploitation plan

Web: the creation of a website, regularly maintained

Meetings and events: the participation to national as well international conferences, workshops and other events (e.g., exhibits)

Publications

Workshop organization

Exploitation book

Drafts for standardization

# Main dissemination & exploitation activities achieved so far (1)

Web: the creation of a website, regularly maintained, with:

- a private area with restricted permissions for the project members only.
- a public area for dissemination purposes.

# Main dissemination & exploitation activities achieved so far (2)

## Year 2016

| Code | Event name   | Event date     | Event location      | Leader      | Upload on website |
|------|--|----------------|---------------------|-------------|-------------------|
| 1    | Citizens Boards Lunch & Learn  | Jan. 12        | Miami, FL           | Nanni       | Yes               |
| 2    | EPTA - 13 <sup>th</sup> World Pultrusion Conference  | March 3-4      | Prague, Czechia     | Vorobiev    | Yes               |
| 3    | JEC World on the Agora of the SUSTAINABLE Planet   | March 8-9      | Paris, France       | Vorobiev    |                   |
| 4    | Emerge Americas  | April 18-19    | Miami Beach, FL     | Nanni       |                   |
| 5    | 2016 International Concrete Sustainability Conference  | May 15-18      | Washington, DC      | Nanni       | Yes               |
| 6    | NACE Concrete Service Life Extension Conference  | May 23-25      | Orlando, FL         | Lollini     | Yes               |
| 7    | International Bridge Conference  | June 6-10      | National Harbor, MD | Claure      |                   |
| 8    | International Cement Review  | June           |                     | Bertola     | Yes               |
| 9    | 5 <sup>th</sup> International Conference on Durability of Concrete Structures                      | Jun. 30-Jul. 1 | Shenzhen, China     | Bertolini   | Yes               |
| 10   | Convegno Nazionale AIMAT 2016  | July 13-15     | Ischia Porto (Na)   | Lollini     | Yes               |
| 11   | 4 <sup>th</sup> International Conference in Sustainable Construction Materials and Technologies    | August 7-11    | Las Vegas, NV       | Khatib      | Yes               |
| 12   | 8 <sup>th</sup> International Conference on Concrete Under Severe Conditions-Environment & Loading | Sept. 12-14    | Lecco, Italy        | Bertolini   | Yes               |
| 13   | CAMX   | Sept. 26-29    | Anaheim, CA         | Vorobiev    | Yes               |
| 14   | ACI convention   | Oct. 23-27     | Philadelphia, PA    | Nanni       |                   |
| 15   | ASTM International-C13 Symposium of Concrete Pipe and Box Culverts                                 | Dec 7          | Orlando, FL         | Gooranorimi |                   |

# Main dissemination & exploitation activities achieved so far (3)

---

Web: the creation of a website, regularly maintained

Meetings and events/Publications: the participation to national as well international conferences, workshops and other events (e.g., exhibits)

Workshop organization

- International Workshop on Seawater Sea-sand Concrete (SSC) Structures Reinforced with FRP Composites - 13 December 2016, Hong Kong, China
- SeaCon Workshop – December 2016/January 2017, Politecnico di Milano, Italy
- SeaCon Forum and Halls River Bridge FRP Workshop - May 3 - 4, 2017, Tampa, Florida

# Suggestions for synergy with other projects or initiatives

SHAPE

SHAPE - PREDICTING STRENGTH CHANGES IN BRIDGES FROM FREQUENCY DATA SAFETY, HAZARD, AND POLY-HARMONIC EVALUATION

Possibility of utilization of the Halls River Bridge - Homosassa River, FL

# Status of demonstration activities
